

Donyall Buchanan TO EACH HIS OWN. God made each of us different so we could BE different!! IF we're ALL THE SAME we might as well be robots and not have a mind to think with OR a heart to feel things with!!! Want to be a vegan...be one. Want to be a hunter...be one (as long as you're a responsible one). Want to eat meat...eat meat. Some people just aren't happy unless their griping or gossiping about someone else or causing some type of trouble.
