Veganism is not just about what goes into your mouth. Veganism is about what comes out of your mouth too, and I'm not talking about puke or spit. I'm talking about words. Words can hurt, just like bullets and arrows can hurt. Racist and sexist remarks are not vegan. Hate speech is not vegan.

Alyssa V Mullan Lol. I'm not arguing just trying to calm people down! They are getting all worked up over nothing.

Guy Montag The only person I see getting worked up here is you. The only one I see ranting here is you. The only one I see perpetuating stereotypes here is you.

I know you don't think your words are a big deal, but others may find them offensive. Was that your intent? To offend people? I hope not.

Words are powerful (whether you're kidding or not), and that's the point John was trying to make.

Alyssa V Mullan I'm just trying to explain that what I meant wasn't meant to be hateful or racist and you guys aren't even trying to listen to me, your getting worked up. I haven't said anything about you guys but I've been called ignorant and racist and my veganism is being called into question. I'm done talking about this because its going nowhere.
